

# FIRE ESCAPE CHECKLIST

**Sparky® Says:**  
**Fire Drills**  
**Save Lives**

- Draw your home and its escape routes. Draw your own and post it in your bedroom.
- Plan two ways to escape from every room.
- Store escape ladders in upstairs bedrooms and learn how to use them.
- Choose a location outside of your home where everyone can meet after escaping.
- Once you are out stay out.
- Practice the escape plan at least twice a year.
- Test your smoke detectors once a month and replace the batteries twice a year.  
\*Circle the months when you replace them.

## SMOKE DETECTOR TEST CHART

| Month     | Date Checked | Initials |
|-----------|--------------|----------|
| January   |              |          |
| February  |              |          |
| March     |              |          |
| April     |              |          |
| May       |              |          |
| June      |              |          |
| July      |              |          |
| August    |              |          |
| September |              |          |
| October   |              |          |
| November  |              |          |
| December  |              |          |
